

BREAKAWAY EARTHMOVING

ENVIRONMENTAL POLICY

BREAKAWAY EARTHMOVING is committed to minimising the impact of its operations on the environment to a statutory and socially acceptable level through the pro-active implementation, maintenance and continuous improvement of our Environmental Health and Safety Management Systems.

BREAKAWAY EARTHMOVING aims to protect flora, fauna and reduce our impact on the ecosystem.

BREAKAWAY EARTHMOVING aims to continually review and improve the Environmental management system to ensure it is compliant with International and Australian Standards.

To enable the above environmental objectives to be achieved BREAKAWAY EARTHMOVING will:

- Recognise its responsibility to protect the environment and minimise, as far as is safe, practicable and economically sound, any adverse environmental impact of its activities.
- Comply with all applicable legislation and client environmental licence conditions as a minimum standard.
- Promotion of the commitment and skills of its personnel to ensure effective environmental management at all its work sites.
- Communicate openly about environmental risks, incidents or emergency situations, or ideas for improvement, to enable effective decision making and action.
- Report and investigate fully any environmental incidents and consider how their actions may impact the environment.
- Clearly define environmental responsibilities and accountabilities within the organisation;
- Implement effective operating procedures and work standards;
- Conduct independent monitoring and audit of all operations to continually improve environmental performance.

It is every employee's responsibility to minimise their impact on the environment, to ensure that they are aware of the environmental requirements, and to raise any environment issues or concerns.

Iain McGregor
Managing Director
