

BREAKAWAY EARTHMOVING

MANAGEMENT POLICY

BREAKAWAY EARTHMOVING recognises the need for 'Best Practice' in industry.

To achieve this BREAKAWAY EARTHMOVING has implemented a Management

System that consists of five elements:

- Management Commitment
- Policy, Plans and Procedures
- Consultation
- Hazard identification Risk Assessment and Control
- Training

The management System applies to all aspects of BREAKAWAY EARTHMOVING work practices, which includes all the Safety, Quality and Environment considerations.

To ensure the Management Systems success, all employees and contractors are encouraged to contribute and accept that doing the job 'right' is an individual and shared responsibility.

The success of this system will ensure that BREAKAWAY EARTHMOVING continues to achieve a high level of Safety and Training to its employees and to continue to set a high standard and quality outcome in all its operations.
